

CEMATRIX Announces Renewal of Normal Course Issuer Bid

Calgary, Alberta – April 14, 2026 – CEMATRIX Corporation (TSX: CEMX) (OTCQB: CTXXF) ("**CEMATRIX**" or the "**Company**"), a specialty construction contractor that produces cellular concrete solutions on site and is a leading manufacturer and supplier of cellular concrete in North America announces today receipt of regulatory approval from the Toronto Stock Exchange (the "TSX") of its notice of intention to renew its normal course issuer bid (the "NCIB").

Under the NCIB, the Company may purchase for cancellation a maximum of 13,374,708 Common Shares of the Company (the "Shares"), representing 10% of the public float (as defined by the TSX) as of April 6, 2026. On April 6, 2026, CEMATRIX had 149,734,733 Shares issued and outstanding. The NCIB will commence on April 17, 2026, and will terminate upon the earliest of (i) April 16, 2027, (ii) the Company purchasing the maximum of 13,374,708 Shares, and (iii) the Company terminating the NCIB.

Purchases under the NCIB will be made through the facilities of the TSX or alternative trading systems in Canada at the prevailing market price at the time of purchase. In accordance with the rules of the TSX, any daily repurchases (other than pursuant to a block purchase exception as defined by the TSX) under the NCIB will be limited to a maximum of 47,732 Shares, which represents 25% of the average daily trading volume on the TSX of 190,930 for the six months ended March 31, 2026.

CEMATRIX's current NCIB expires on April 16, 2026 (the "Previous NCIB"). Under the Previous NCIB, CEMATRIX received the approval of the TSX to purchase up to 13,508,235 Shares. As of March 31, 2026, CEMATRIX purchased 1,480,289 Shares under the Previous NCIB, through open market purchases on the TSX and/or Canadian alternative trading systems, with Shares purchased at a weighted average price of \$0.33 per Share.

CEMATRIX believes that the market price of its Shares may not, from time to time, accurately reflect their underlying value. Accordingly, purchasing the Shares for cancellation under the NCIB may represent an attractive investment opportunity to enhance long term shareholder value, in line with CEMATRIX's overall capital structure management strategy. The NCIB will be funded using CEMATRIX's existing cash resources.

In connection with the NCIB, the Company has entered into an automatic share purchase plan (the "ASPP") with its designated broker to allow for the purchase of Shares during certain pre-determined blackout periods and other periods during which the Company would ordinarily not be permitted to purchase Shares. Purchases under the ASPP will be determined by the designated broker in its sole discretion based on purchasing parameters set by CEMATRIX in accordance with the rules of the TSX, applicable securities laws and the terms of the ASPP. Outside of blackout periods, Shares may be purchased under the NCIB based on management's discretion, in compliance with the rules of the TSX and applicable securities laws. All purchases made under the ASPP would be included in computing the number of Shares purchased under the NCIB.
